Two paid the penalty for criminal assault and two for murder. W. R. Fletcher and Guy H. Lyon were hanged at Russellville for criminal assault, committed on Mary E. Glader, in Logan county, May 22, 1905. The necks of both were broken by the drop. Each made long talks on the gallows, denying their guilt, and declaring that their lives had been sworn away by false witnesses.

The assault on Mary Glader was committed near Russellville, where the girl and her father, an old German, had stopped for the night. The father, a blacksmith, was killed by the girl's father to drink a lot of whisky, and during a drunken stupor the girl was assaulted.

### THE HEADLESS BANDIT.

Queer Story From the Archives of the Vienna Courts.

Dr. Loye, a French physician, who greatly interested himself in the question, "What passes in the head of a decapitated human being?" related the following remarkable story, which he stated was taken from the archives of the Vienna courts: It was in the year 1840 that Schoenberg, a well known bandit, died of his wounds after being caught and condemned to death. They were already on their knees ready to pay the penalty of their bloody deeds by submitting to the awful fate of decapitation when Schoenberg addressed the judge, asking that his four companions, each of four his own name, be pardoned. "If," asked the bandit, "after I am beheaded I get up and walk to the first of my comrades, will you pardon him?" The judge thought that he was pretty safe in complying with the request. "Then," continued Schoenberg, "if I walk to the second, the third and the fourth, will you pardon them also?" The judge replied that if such a miraculous feat could be performed he would obtain pardons for the other three also. The bandit was now satisfied, and, bending his head, he received the fatal blow. Instantly the head rolled down in the sand, but to the surprise and horror of all present the headless trunk arose and walked alone. Alas! only the headless body walked around until it passed the first, the second, the third and the fourth condemned bandit, when it fell down and became motionless. Query: "How could a headless body think?"

## AN OCEAN TRAGEDY

More Than a Hundred Persons Lose Their Lives in Wintry Waves of Narragansett Bay.

### COLLISION OCCURS DURING GALE

The Joy Line Steamer Larchmont Was Run Down by Schooner and but a Small Proportion of Her Passengers Reach the Shore.

Providence, R. I., Feb. 15.—Samuel L. L'Combe of Manchester, N. H., one of the survivors of the wrecked steamer Larchmont, is dead from the effects of the exposure following the disaster. This reduces the number of survivors to eighteen.

Providence, R. I., Feb. 14.—A careful compilation of figures in this city early today shows that 138 lives are known to have been lost as a result of the collision Monday night between the Joy Line steamer Larchmont and the schooner Harry Knowlton. It is known that there were not less than 157 persons on board the steamer. Of that number only nineteen survived. Seventy-one bodies have been recovered, thirty-eight of them having been identified. There are still 100 passengers who are either missing or unidentified.

Block Island, R. I., Feb. 13.—About 150 persons went to their deaths in Block Island sound as a result of a collision between the three-masted schooner Harry Knowlton and the Joy Line steamer Larchmont, bound from Providence to New York. It is estimated that including the crew there were nearly 200 persons on board the steamer when she sailed from Providence. Of these only nineteen appear to have survived the disaster. The members of the crew and nine passengers.

Awakened from their slumbers in their staterooms, the unfortunate passengers were at the mercy of the waves. Many it is believed, went down with the ship. Others, temporarily thankful that they had escaped drowning, prayed that they might be relieved of the terrible pain caused by their frozen bodies, and one man, a passenger whose name could not be learned, plunged a knife into his throat and ended his sufferings.

The few who survived were in a pitiful condition. In almost every case their arms and legs hung helpless as the waves threw out of the boat, which they reached shore. Forty-eight bodies have come ashore, either in boats or thrown up by the sea. Only six of the forty-eight bodies were identified.

A majority of those on the Larchmont had retired for the night, and when the collision occurred they were few with the exception of the crew prepared for the weather which prevailed. They hurried from their staterooms to the deck of the steamer and to a zero atmosphere. Chilled to the bone, many rushed head long below to secure more clothing while others, bare-footed, bare-headed, stood in the nightgowns, stood on the decks, fearing that to go below would mean certain death.

The knowledge, after he had backed away from the wreck, began to fill rapidly, but her crew manned the pumps and kept her afloat until she reached a point off Quonochontaug where they put out in the lifeboat and rowed ashore. There were no fatalities on the schooner.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through  
your kidneys once every three minutes.  
The kidneys are your  
blood purifiers, they fil-  
ter out the waste or  
impurities in the blood.  
If they are sick or out  
of order, they fail to do  
their work.

Pains, aches and rheu-  
matism come from ex-  
cess of uric acid in the  
blood, due to neglected  
kidney trouble.

Kidney trouble causes quick or unsteady  
heart beats, and makes one feel as though  
they are heart trouble, because the heart is  
over-working in pumping thick, kidney-  
poisoned blood through veins and arteries.  
It used to be considered that only urinary  
troubles were to be traced to the kidneys,  
but now modern science proves that nearly  
all constitutional diseases have their begin-  
ning in kidney trouble.

If you are sick you can make no mistake  
by first doctoring your kidneys. The mild  
and the extraordinary effect of Dr. Kilmer's  
Swamp-Root, the great kidney remedy is  
soon realized. It stands the highest for its  
wonderful cures of the most distressing cases  
and is sold on its merits  
by all druggists in fit-  
tent and one-dollar bot-  
tles. You may have a  
sample bottle by mail.

Don't make any mistake! remember the  
name, Swamp-Root. Dr. Kilmer's Swamp-  
Root, and the address, Pinckney, N. Y.  
is on every bottle.

The many friends of Eli Dean will be  
sorry to learn of his serious illness at  
his home near Glendean.

## FEARFUL ITCHING BURNING SORES

Boy in Misery 12 Years—Eczema Spread Over Body in Rough Scales, Cracked, Inflamed, and Swollen—Case Pronounced Incurable, but Completely Cured by Two Sets of Cuticura Remedies.

## HIS SKIN NOW FINE AND SMOOTH AS SILK

"I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spots began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering it nearly breaks my heart. His screams could be heard downstairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep."

"One doctor told me that my son's eczema was incurable, and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial. I tell you that Cuticura Ointment is worth its weight in gold, and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. Michael Steinman, 7 Summer Avenue, Brooklyn, N. Y., April 16, 1905."

## FOR WOMAN'S EYE

## NEWS OF KENTUCKY

**Tersley Told Information Concerning Matters of Current Interest to Kentuckians.**

### THE STATE NEWS IN A NUTSHELL

**Where Are Found Accurately Detailed the Happenings of the Largest Import Which Are Attracting Attention Throughout Kentucky.**

Lexington, Ky., Feb. 15.—In the Scott circuit court at Morgantown Circuit Judge R. L. Stout decided that he could not conscientiously try the case of Caleb Powers, charged with the assassination of Governor William Goebel in 1900, because he had been connected with the trial of James Howard on the same charge and had since then consulted with Attorney Franklin for the prosecution as to many points of the case.

Special Judge Robbins will now probably call the trial term for some time in the summer. The defense wished Stout to try Powers, while the prosecution objected.

### RACING LICENSES GRANTED

**Kentucky Racing Commission Holds Important Session at Lexington.**

Lexington, Ky., Feb. 15.—The Kentucky Racing commission, in session here, granted a license to the new Louisville Jockey club and to the Douglas Park of Louisville, and the Racing Association at Lexington, and to the Latonia Racing association at Louisville.

The meeting was adjourned until Feb. 16, when representatives of each track were invited to be present, and dates will be allotted for the various meetings.

The following resolution was unanimously adopted: "Resolved, That it is the sense of the commission that there was too much racing in Kentucky during 1906, and for the best interests of racing dates should be reduced along certain lines."

### ANTI-TRUST LAW STANDS

**Kentucky Court of Appeals Decides Harvesting Machine Case.**

Frankfort, Ky., Feb. 8.—The Kentucky court of appeals has sustained the validity of the act of the general assembly prohibiting the formation of trusts, combines and pools of interests. The decision of the court was announced in a case of the International Harvesting Machine company of America against the commonwealth on appeal from Trimble county. In the lower court the company was indicted on a charge of fixing prices to be charged by agents for harvesting machines. It was convicted and a fine of \$2,000 entered.

### Far Famed Stud Dispersed.

Lexington, Ky., Feb. 14.—The far famed Meadow Thorpe stud, established twenty-four years ago by the late Col. James H. Pepper, has been dispersed. The horses and farm brought an aggregate of \$81,000. The prices paid for horses were the highest in years and the result does not indicate that Kentucky breeders fear adverse legislation to racing in the east. Prince Pepper, the chestnut stallion which the stud was named after, was bought by Col. Pepper two years ago for his imperial stud, was purchased by a Kentucky breeding bureau and will remain in this state.

### Crushed by a Falling Tree.

Petersburg, Ky., Feb. 8.—Thomas Corcoran, a prosperous horseholder farmer, while engaged with his brothers near this city in felling trees, was caught underneath and one of his legs was crushed. He was removed to Cincinnati for treatment. Corcoran is forty-five years old. He was preparing to enter the priesthood of the Catholic church. At last accounts he was not expected to live.

### Skull Flattened Bullet.

Frankfort, Ky., Feb. 14.—Sister Cook, a negro woman, was shot in the back of the head with a .38-caliber pistol ball and it flattened against her skull without even knocking her down or rendering her unconscious. The shot was fired by John Shelton at another negro, named Ward, and it accidentally hit Sister Cook.

### Trainmen Get a Raise.

Rossmore, Va., Feb. 11.—It is announced that the Norfolk & Western railroad company has increased the wages of its engineers, brakemen and conductors. The amount of the increase is not stated. Last year all the men received an advance of 10 per cent.

### Eloped with Girl of Thirteen.

Whitesboro, Ky., Feb. 9.—Ransom Flexton, seventeen, and Cora Flannery, thirteen, fled forty miles on foot across the Cumberland and Black mountains through a storm of sleet to Whitesboro, where they were married.

### Policemen Kill Each Other.

Rogersville, Tenn., Feb. 15.—Policeman James Wright and James Bergett of Middleboro, Ky., shot and killed each other in a raid on an alleged gambling resort.

Owensboro, Ky., Feb. 13.—The Rev. W. G. Archer of this city has accepted a call to the Cumberland Presbyterian church at Evansville.

### HELD FOR EMBEZZLEMENT

**Charge Against Treasurer of Cleaners' Society Causes Sensation.**

Bloomington, Ill., Feb. 15.—A tremendous sensation developed here by the arrest of Miss Helen Dixon, a pretty girl, who for two years has been treasurer of the Cleaners' society of the Second Christian church, being alleged that she had embezzled \$1,300 of the church funds.

She was the custodian of money that had been earned by the society in various ways, the money to be applied upon the payment of a new organ. This organ had just arrived at an expense of \$2,200. When Miss Dixon was asked for the money by her possession she could give no reply, simply stating that she had nothing to say regarding the money.

Efforts to secure some information from her failed and it finally became necessary to place her under arrest. Miss Dixon came from Michigan where her parents are supposed to reside. She is also said to have a brother in Chicago. She is unusually pretty and was a great favorite in church and social circles.

All efforts to have her talk about the location of her parents or any relatives have so far been futile. Because of her parents are supposed to be somewhere in the city of mystery has been given the case. Some people think she may have the money in her possession. She always kept the drawers in her room securely locked when she was away. When told that she might be arrested if she did not make some explanation she said: "Then I go to jail."

### Hewitt-Duncan.

At 7:30 p. m., Wednesday, Jan. 23, a very pretty home wedding took place at the winter residence of Mr. and Mrs. R. B. Ganaway, the well known and popular stockman of this city, when the Rev. Henry G. Hanson joined in holy matrimony Miss Agnes Duncan, of Stillwater, Minnesota, to Mr. Claude Hewitt, of Anacostia, this state. The bride was dressed in a dark blue traveling suit and carried a large bouquet of violets. The home was tastefully decorated with large white and red roses and white and red trimmings, making an acceptable contrast to the blizzard of snow, raging outside. After the ceremony, Mrs. Ganaway, aunt of the bride, entertained the guests with a toothsome supper. The bride is a Kentucky girl by birth, a descendant of the well known old Virginia families, the Paytons and Duncans. The groom is one of the office staff of the Amalgamated Smelting company of Anacostia. The young couple left on a late train for their new home, followed by the best and the heartiest wishes of their many friends, and perhaps just a little heartier on account of the cold welcome of the elements. Mrs. Duncan, mother of the bride, and Payton, a brother, with many friends were present. —Harlem, Mont., News.

It cost paw thirty dollars to repair the damage.

## GREAT ENTERPRISE

**Exposition Work Progressing Famously in Louisville.**

### MUCH ENTHUSIASM ON ALL SIDES

### Louisville Business Men Do Work of the Greater Louisville Exposition

Which Opens March 18 For Two Weeks—Development One of Interest to the Whole State.

Filled with exhibits representing many varied lines of manufacturing industry, the Greater Louisville Exposition will open in the vast Armory of the First Kentucky Regiment in Louisville, on March 18. The plans of the Exposition Company have matured rapidly since November 21, when the enterprise was officially launched and when the organization of the exposition forces was begun.

With no idea of profit, but with the purpose of showing to all sections of this great state what its metropolis can do and is doing, the members of the Louisville Commercial Club went into the exposition work, and the people of this and all other sections of Kentucky, as well as in the South and Southeast, will find there much of pleasure and of profit. The awakening of Louisville has been evident to all lovers of Kentucky, and now a course of pleasure.

### President of the Greater Louisville Exposition Company, Who First Proposed the Exposition Plan.

Louisville occupies the first place in many lines of manufacturing industry, besides being very near the top of very many others. From all these lines, there came at the call of the Exposition Company hundreds of exposition workers who gave of their time, their thought and their labor to filling the vast building with the elaborate exhibits which will be seen there from March 18 to 30.

### Foremost among the many industries in Louisville stands the tanning trade, with its allied lines. There are thirteen immense tanneries in Louisville, and these furnish leather to scores of manufacturing plants requiring leather as raw material. Those in Louisville who know have declared that Louisville leather represented in the Greater Louisville Exposition will furnish deep surprise for exposition visitors.

In the manufacture of agricultural implements and farm wagons, Louisville takes second place with no equal. Three magnificent plants turn out a wonderful array of labor-saving devices for the planter, while an immense wagon factory, the largest in the world, ships its products not only north, south, east and west throughout this broad land, but to other countries as well.

Millions of yards of cloth in varied textures are cut yearly by the clothing factories in Louisville. Within the past decade Louisville has taken a recognized position as one of the principal centers in the manufacture of clothing. There is no city in the Union where Louisville-made garments are not worn.

In the manufacture of food products, no less than in the other necessities of life, Louisville stands out as a pre-eminent center.

The Greater Louisville Exposition Company has invited the people of Kentucky to go to the exposition, and the railroads serving those people have established a rate of one fare for the round trip during the exposition period. The Lee Line Company offers Louisville and Cincinnati Packet Company have made a rate of a fare and a third, including meals and state-room for the same period, while the Louisville & Cincinnati Packet Company has announced that the rate will be one fare for the exposition period, exclusive of meals and state-room, and the Exposition Company offers, besides the interest in the exposition, two daily concerts by the famous band of the Neapolitan bandmaster, Creatore, and other excellent features for the low admission rate of twenty-five cents.

Imitations of the Greater Louisville Exposition are still strongly in evidence in the likelihood Kansas City will follow Louisville's lead next year, according to the latest advices from the city on the Kaw.

## BETRAYED OFFICIAL SECRETS

Big Colonial Scandal Being Aired in Court in Germany.

Berlin, Feb. 15.—The trial of Oscar Poeplau, formerly an assistant in the archives division of the German office and later transferred to the colonial bureau of the foreign office, has begun here. Poeplau is accused of taking official letters from the files of the foreign office and through an intermediary giving them to Herr Roepen, one of the Center party leaders in the Reichstag. This is a part of the so-called "colonial scandal" which Herr Roepen and others of his party stirred up in the Reichstag, charging the colonial bureau with mismanagement and favoritism.

Poeplau, it is charged, was dismissed from the public service on account of indiscretions and it is claimed that he took the documents and turned them over to the Center leader out of a spirit of revenge for his dismissal.

## JAPAN AND THE UNITED STATES

Mayor Schmitz and the San Francisco School Board Talk Things Over With President Roosevelt.—The Japanese View on Exclusion Question.

Washington, Feb. 14.—The Japanese school controversy is settled insofar as President Roosevelt, Mayor Schmitz and the members of the San Francisco school board are concerned. An amicable adjustment of the question now rests with congress. If the amendment to the immigration bill proposed by Secretary Root, excluding foreigners who use their passports to secure admission to the United States "to the detriment of labor conditions in this country," is accepted by the senate and house and the immigration bill is passed at this session of congress, the San Francisco board of education will rescind its order establishing the Oriental schools unless the Japanese government agrees to a proposition for separate schools which will provide special facilities for the Japanese children.

Mayor Schmitz and his associates had a conference with the president late yesterday afternoon and assured Mr. Roosevelt that the amendment to the immigration bill was entirely satisfactory to them. Secretary Root participated in the conference and made a report on his negotiations with the Japanese leaders in congress and the Japanese ambassador.

Whitely Max Schmitz and the members of the school board are still hopeful. The school board will agree to separate schools in Chicago, they stand willing to rescind the order establishing the Oriental schools and again admit Japanese children to the white schools. Mayor Schmitz pointed out to President Roosevelt and Secretary Root the advantages that will be gained by the Japanese children if the Oriental schools are maintained and expressed a willingness to give the Japanese equal educational facilities to those given to the white children.

At San Francisco, if the Japanese government will agree to this proposition, the school board will establish a sufficient number of Oriental schools to accommodate the Japanese and will give the children individual instruction. Mayor Schmitz says that the Japanese make faster progress in the Oriental schools than in the white schools, and that in the mixed schools the Japanese only retard the progress of the white children.

## STANDS ON TREATY RIGHTS

Prominent Japanese Paper Gives Its Views on the Subject.

Tokio, Feb. 11.—The Jiji in a leading editorial about the San Francisco incident, expresses disjunct in the possibility of the adoption of a new treaty mutually restricting labor immigration as a solution of the school controversy. The Jiji declares that it is aware that a large number of Japanese are going to San Francisco from Hawaii and that this immigration is causing jealousy on the part of white labor, but it contends that this is due to the imperfect provisions of the existing law, which might be remedied by an agreement on the part of both governments, but which should constitute an entirely separate subject of discussion, not concerning the present San Francisco dispute, in which latter Japan stands upon her treaty rights.

## Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty. You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous. It is a measure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, indigestion and melancholy. After several years of nervous prostration I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the depressing thoughts, and gives the sufferer renewed strength and a superb nerve restorer. JUDGE JACOB BEIRMAN, Madison, Wisconsin. Dr. Miles' Heart Cure is sold by all druggists. It is a sure cure for all heart troubles. The first bottle will benefit. If it fails he will refund the money. MILES MEDICAL CO., ELKHART, IND.

**REAR-ADMIRAL HICHBORN PRAISES PE-RU-NA.**

Peruna Drug Co.,  
Columbus, Ohio.

Gentlemen:—After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic.

Very respectfully,  
PHILIP HICHBORN.

IF ALL the men and women who have used Peruna and found it beneficial should write testimonials giving the plain facts, we would be overwhelmed with certificates.

But only now and then one who has been benefited by Peruna stops to give any public acknowledgment of a cure.

Various considerations prevent people from writing testimonials for publication. Inordinate modesty, oversensitiveness and business considerations forbid many people from writing testimonials who otherwise would be glad to do so.

**All Classes Represented.**

But in spite of all these considerations, thousands of people without any solicitation whatever do write testimonials for Peruna.

We receive these from men of high degree and low degree, from the army and the navy, from the hall of congress, from the colleges, from high officials in the church, from the society belle and the washerwoman, from the military man and the civilian.

We have never put into print but a small per cent. of those actually received.

**Sincere Testimony.**

In presenting the testimonial of Admiral Highborn we appreciate the high rank of our testifier.

We feel sure that his testimonial will appeal to others as it does to us, that nothing but a genuine wish to do others good would have impelled a man in such honorable rank to give public testimony to a remedy, however valuable.

The Admiral is altogether too busy a man to answer letters of inquiry, but the reader can rest assured that his testimony is given in his exact words, over his signature.

**Genuine Endorsements.**

Our testimonials are and always have been given in the exact language of the testifier, with which we take no liberties whatever in adding to or changing them.

In the use of testimonials we have always received them properly signed, in good faith, have published them in good faith, and if there has arisen a slight misunderstanding concerning them, it has been some unavoidable complication occurring after the testimonial has been furnished us.

**A Captain's Letter.**

Rudolph B. Schwickard, Capt. 28th N. Y. Vol. Inf., writes from Washington, D. C.:
